

## Berry Public School Community Initiative

We are presently investigating the rebirth of After School and Vacation Care for the Berry community.

The proposal is to use Berry Public School's facilities for this service.

The Berry Public School Parents and Citizens' Association needs to approve this initiative before it can progress further, therefore, we need your IMMEDIATE response to this question -

Would you use After School Care and/or Vacation Care at Berry Public School, either on a permanent or casual basis, if it was to be established in 2005?

Your response will determine this community service, so please telephone 4464 1158 to express your interest.

The school apologises for missing the last two Town Crier publications. Due to holidays and the senior school being extremely involved in a Country Women's Association Unit of Study, it was impossible to work to the deadlines. However, an enrichment group of enthusiastic students has now been established and we will publish every month, to highlight life at Berry Public School. Junior Editor, Ruben FitzSimons will ensure this eventuates!
